CORCORAN STATEMENT ON PASSAGE OF JUDICIAL TERM LIMITS BILL

Tallahassee, FL – Speaker Richard Corcoran released the following statement after the passage of HJR 1 – judicial term limits:

"It was said in debate today that all the special interest groups have lined up against term limits. That tells you we are doing what is right. And neither special interest hand-wringing nor political influence will stop the House from doing what is right. It boils down to this - we believe that no government job should be for life."

"I'd like to thank Representative Jennifer Sullivan for carrying this reform across the finish line and for being such a capable and articulate spokeswoman for our principles. Many other members assisted in this endeavor, especially Chairwoman Heather Fitzenhagen and Chairman Chris Sprowls. And I want to thank each and every member for voting with courage their convictions, regardless of the consequences."
